The Los Angeles Historic Theatre Foundation (LAHTF) takes its popular All About... series to one of the world's finest remaining movie palaces, the Los Angeles Theatre, on Saturday, July 18, 10:30 am. The public is invited to view a comprehensive PowerPoint presentation on the Los Angeles' storied past as theatre historian Ed Kelsey tells its fascinating story.

Tours will explore the far reaches of the theatre's public areas, support spaces, and backstage to provide attendees with an insider's, behind-the-scenes look at this treasure. Learn about the many technological breakthroughs that found first expression at the Los Angeles.

Discover the innovations in patron comfort and theatre operations pioneered by architect, S. Charles Lee.

Experience firsthand the glory of this amazing building and become an instant expert on its history and legends.

LAHTF volunteers will explain how you can get hands-on experience saving, restoring and programming great theatres in Los Angeles by becoming actively involved with the LAHTF.
